

LOCKDOWN

Stay home alligator, see you later
Dont hit the road, dont hit the road
Things have changed in the atmosphere
Situations unfamiliar
Gotta get used to this

Time flies by when your friends are online
Stick around and you'll see what I mean
There's a mountaintop that we're all dreaming of
If you need us you know where we'll be

We'll be rockin lockdown keepin safe the whole town
Were not going to mess 'round
We'll be singing online for heroes on the front line
We can turn this year round

No school for a while, makes me smile
Gotta learn at home, gotta learn at home
No retail parks, no cinema trips, no swimming pools, no fish and chips
I can get used to this

Time flies by when your friends are online
Stick around and you'll see what I mean
There's a mountaintop that we're all dreaming of
If you need us you know where we'll be

We'll be rockin lockdown keepin safe the whole town
Were not going to mess 'round
We'll be singing online for heroes on the front line
We can turn this year round

We got friends at the front
Pals at the back
Singing along
And we don't look back

ED HOLDEN

Time flies by when your friends are online
Stick around and you'll see what I mean
There's a mountaintop that we're all dreaming of
If you need us you know where we'll be

(THE MAKE SOME NOISE BAND!!!)

We'll be rockin lockdown keepin safe the whole town
Were not going to mess 'round
We'll be singing online for heroes on the front line
We can turn this year round
